COUNCIL

Opportunities for Action

1. Parks, Community Greening, and Places to be Active
2. Active Transportation
3. Equity in Government Practices

Parks, Community Greening, and Places to be Active

- Draft goal: Increase tree canopy and parks, as well as access to these resources, in under-resourced and low-income communities.

Pogo Park, Richmond

Active Transportation

Draft Goal: By 2020, increase non-auto modes of transportation: triple bicycle; double pedestrian, double transit modes, as measured by the California Household Travel Survey.

Genoveva Islas of Cultiva La Salud prepares to lead a “Cumbia Ride” in Fresno.

Next Steps

- Finalize action plans
- Work with agencies/departments to create and support measurable departmental goals, as appropriate
- Engage external, community-level stakeholders on priority topics

Council Member Input

- Encourage participation in HiAP equity survey
- Provide input to HiAP Action Plans
- Develop measurable goals related to health and equity
- Share evidence and anecdotes to demonstrate impact
